FROM THE PRINCIPAL

We are constantly reminded in the media of the tragic consequences that bullying can have on our children. As a school we have decided to become pro-active in our approach to developing an anti-bullying culture in our school. The key is to catch bullying early and intervene.

In week 5 of every term, we will be conducting a bullying audit for Year 3-7 students and a well-being audit for R-2 students. The bullying audit allows students to identify; if they have been bullied this year, the frequency of bullying, the type of bullying and the name of the person bullying them. The audit also provides students with the opportunity to talk to either their teacher or leadership about any issues they may have. It gives students a voice.

The audits are then collected, collated and responded to. This term we have had a number of students who wanted to discuss issues, which has been done, and pleasingly, minimal students were identified as a bully. A meeting was organised for any students who were named as a bully 4 or more times with their parent, class teacher and a member of leadership.

The meeting is about helping students understand that their behaviour is viewed as bullying by some students. Sometimes students don't realise that what they are doing is bullying. It is also about working together to equip them with strategies to interact with others in positive ways.

We are teaching all of our students about RESPECT and that everyone has the right to be safe. Our aim is for Keithcot Farm Primary to truly be a school where all students feel safe, respected and heard.

P1B Year 5—PLAY IS THE WAY

Our class has been looking at **PLAY IS THE WAY**, the school's philosophy, and how it might apply to us as students and a class. We made up small skits to demonstrate various aspects that we thought to be important and performed them at our assembly in week 6. Here are some photos of the skits and what they are trying to depict.

Angus, Lucas, Jordan, Salem and Myeong-Seop presented their skit about **"Being brave and participating to progress"**

Jack, James, Max and Tyler presented **"Are you doing the right thing or the wrong thing?"**

Amelie, Ethan and Jackson acted out the aspect of **"Treat others as you would like to be treated"**

Jessica, Scarlett, Lydia and Delilah presented **"It takes great strength to be sensible"**

Autumn, Yana, Holly and Maddy presented their version of **"Have reasons for the things you say and do"**

Sienna T, Annabelle, Bethany and Monique presented **"Do your personal best no matter who you work with"**

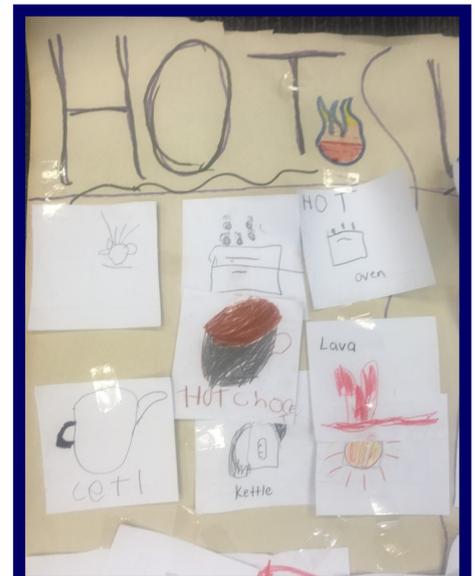

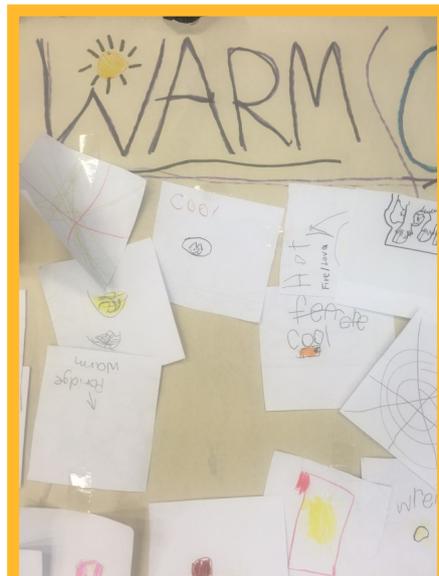

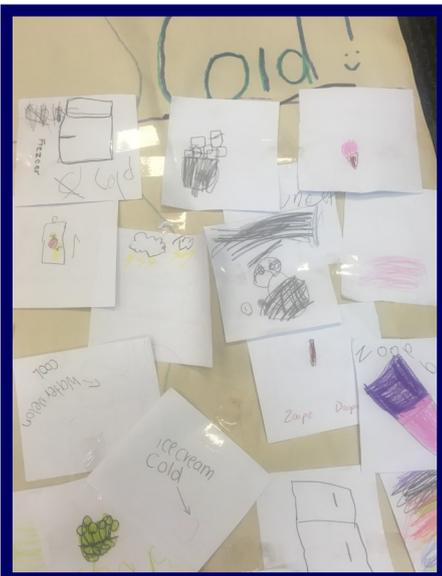

Rebecca, Sienna M., Kimberley and Makaylah were responsible for presenting the master checklist asking **"Is your teacher here to help you or hurt you?" "Am I my own boss?" and "Am I running away from or dealing with my problem?"**

We had fun presenting these for assembly and are aware of how important these concepts are.

H1B SCIENCE YEAR R/1

In Science we have been learning about the weather. We have looked at weather symbols. Symbols are marks or pictures that are used to represent ideas, warnings or messages instead of using writing. Then we made some of our own for our own weather reports. We have looked at temperature. Temperature is a measure of how hot or cold it is, it is how the weather and things 'feel'. We sorted some things based on their temperature and looked at the temperature of different kinds of air like the wind from fans we made, steam from a kettle and our breath. We also learnt about the seasons and made some weather pictures which are on display in the office.

AROUND THE GROUNDS

TOILETS FACILITY UPDATE

All Pod toilet floors have been resurfaced and all toilets have had liquid soap dispensers installed. We have had a problem with these areas being vandalised and misused by some students and we need your help in talking to your children about respecting these areas and reporting any issues as toilets are used by all students and we want to keep them in good condition.

PLAYGROUND UPDATE

Works will begin in April on our playground and all being well will be completed by the end of May. This is a major project and will be an incredible addition to our school. The areas around the basketball court will be out of action for this time but we are doing our best to minimise this and it will be done in two sections.

FUNDRAISING SPENDING

The KFPS Fundraising Committee have donated Community raised funds to purchase; 30 New Touch Screen Chromebooks with a charging/storage trolley, a package valued at \$14,000; along with five KFPS branded marquees for use on Sports day, SAPSASA, and our Spring Fair. Four 6 x 3 large marquees in team colours and one smaller 3 x 3 in school colours, a package valued at \$3,000. These will be great for providing much needed shade at these events. We would like to thank Katrina Orrock for her artwork design on the marquees, we are so lucky to have you. The school would also like to acknowledge the Fundraising committee for making these fundraising events so successful that the funds raised can make such a significant contribution to the students Education and Wellbeing.
